

CHICAGO FACES FOOD FAMINE IF STRIKE IS CALLED MONDAY

COLD STORAGE PLANTS, FULL OF PRODUCTS, WILL ALL BE SHORT OF FUEL.

MILK SUPPLY IS THREATENED

Unless Motor Trucks Can Solve the Problem, City Will Be Most Woefully Stricken.

(Associated Press)
Chicago, Aug. 30.—Chicago has a two-year supply of cold storage eggs and other products, but there is only enough coal to last five days, and without fuel the storage plants can not operate.

Milk Famine Threatens.

Unless the dairies can solve the problem with motor truck transportation only ten per cent of the 1,250,000 quarts of milk consumed daily in Chicago will be available.

Short Meat Problem.

The nation, said a leading packer, faces a serious shortage of fresh meat and the present supply in Chicago will last only about three days.

Chicago, Aug. 30.—"Trains will be running on a 100 per cent basis and the railway strike, if one is declared, broken within thirty days. The roads are willing to spend \$2,000,000 or more to end this strike."

This was the assertion made in Chicago by a man in close touch with the intentions of all of the railroads entering this city, if members of the railway brotherhoods walk out. Every railroad in Chicago is prepared for a strike, according to this authority, who for safeguarding reasons would not allow his name to be used.

Plans Laid for Emergency.
"There is not a railroad entering Chicago," he continued, "which has not plans laid for any emergency. Men have been conditionally employed, and it is not the intention of any line to allow its trains to be tied up completely."

"Present indications are that each railroad entering Chicago is prepared to continue at least 25 per cent of its train service, passenger and freight, from the hour the strike is declared. This service will be increased from day to day until at the expiration of thirty days it is believed the strike will be broken and the roads all doing their usual business."

Believe Unions Mean It.
"The railway unions may consider that the railways are unable to do this; that they are making a threat; or place other interpretations on such a statement, but the lines have not been asleep. The railway officers are confident that the union heads are not bluffing. They are confident that when they say they will strike if their demands are not met they will do it. Therefore the preparations have been made to keep these valuable properties from lying idle."

"The plans of the railroads are first to start emergency trains. These will probably be a combination of freight and passenger service. The trains will carry at least two passenger coaches, one freight car and a milk car. Preference will be given the transportation of foodstuffs and there is little likelihood that there will be any freight hauling of other kinds during at least the first ten days of the strike, if it comes."

Road Has 4,500 Applications.
F. H. Appleton, chief operating officer of the Atchison, Topeka & Santa Fe railway, declared that 4,500 applications had been received from men willing to operate trains on these lines in case of a strike. The advertisement for help was inserted on June 21.

Planned to Make Adelheid Finest Park In This Vicinity—Page Spent Thousands

Adelheid park, the site of the Sixth year's affair will set the attendance record. The park, the use of which was secured through the courtesy of Marjorie Brothers of Sterling, its owners, is of historic interest to Dixon people. It was first secured by George Page, founder of the Dixon milk factory, and he spent thousands of dollars in constructing hard roads, culverts, etc., within it—his intention being to make it the finest park in this section of the state.

Changes in his business made it necessary for him to abandon the scheme, but the results of his work are still evident and patrons of the coming clam bake will find the grounds the event has ever been and it is confidently expected that

Twenty-One Of Crew Of Cruiser Memphis Are Lost

Many Were Injured Also When Storm Struck Warship Tuesday

(Associated Press)

Washington, Aug. 30.—Twenty-one enlisted men lost their lives and 74 were injured when the United States cruiser Memphis was wrecked by a storm in San Domingo City harbor yesterday.

One enlisted man was killed and 20 were lost by drowning, while two officers and five men were seriously injured and 67 were slightly hurt.

San Domingo, Aug. 30.—The United States armored cruiser Memphis was driven ashore on the rocks of the outer harbor by a great and sudden swell. It is believed that many lives were lost as a result of the disaster. All fires under the boilers of the Memphis were extinguished by the inrush of water.

A bulletin says twenty men were lost in a motor boat.

The United States gunboat Castine managed to escape by putting to sea. The Memphis is of 14,500 tons and has a horse power of 23,000. Her complement is 990 men. She is the flagship of the cruiser force of the United States Atlantic fleet.

Captain E. L. Beach commands the Memphis.

WAS NEAR DEATH IN SAND-SLIDE MONDAY

BEN McWILLIAMS CAUGHT TWICE BY HEAVY SAND IN HIS PIT.

Ben McWilliams was near death on Monday in a sand-slide in his sand pit west of the city, the loose earth caving in on him a second time as he was being dug out. Peter Kelley was in the pit with him when the first slide caught him, and immediately rushed to his aid. He had succeeded in shoveling away a part of the sand, when a second slide almost buried the imprisoned victim. Harry Gerdes, Mr. McWilliams' son-in-law, arrived simultaneously and with Mr. Kelley's assistance was able to rescue the partially buried man.

Mr. McWilliams, aside from a number of bruises, and congestion of the lungs, is little the worse for his experience. His wagon was badly damaged by the onrush of weight, however.

STORY OF RAIDERS DENIED

Reported Killing of Seven Mexicans Declared Without Foundation.

Marathon, Tex., Aug. 30.—An investigation of a report brought here by an army truck driver that a troop of the Sixth United States cavalry engaged Mexican raiders near Terlingua, Tex., killing seven of them, proved to be without foundation. It was announced at military headquarters here.

It was asserted that the story probably had its foundation in the fact that Lieutenant H. E. Taylor, with sixteen men of Troop C, Sixth cavalry, was sent to the Big Bend country to investigate reports that intoxicated Mexicans threatened trouble. No trouble developed, however, it was reported.

INFIRMARY IMPROVEMENTS

Clayton Campbell moved his concrete mixer Monday through the country to the Lee County home where he will put in the sidewalks, driveways, curbs, and gutters.

BIG CROWD ASSURED AT PICNIC TOMORROW

LEE CO. SUNDAY SCHOOL ASSN. WILL HAVE GALA DAY HERE.

GREAT FESTIVAL IN EVENING

Chorus Has Reached Marked Degree of Excellence—Program Is Fine.

Reports from the county indicate that the big basket picnic to be held at the Assembly park tomorrow under the auspices of the Lee Co. Sunday School association, to which every one is invited, and which will culminate in the great musical festival at the auditorium tomorrow evening, will be fully as successful as the most pessimistic of the promoters had hoped. Hundreds will come from all over the county for the day's outing, bringing their baskets with them, and will remain for the big program in the evening, in which musicians from all parts of the county will take part. The rehearsals have brought the chorus to a marked degree of perfection, and when the final ensemble rehearsal with the full orchestra is conducted at the Assembly at 2 o'clock tomorrow afternoon, it is safe to predict the chorus will have become one of the best trained large organizations ever assembled in this section.

Rehearsal Tonight.

A final thorough rehearsal of the Dixon singers will be held at the Lutheran church at 7 o'clock sharp this evening, and it is desired that all the singers be present at this meeting.

Mrs. Goodsell, the director, was in Chicago Tuesday and while there rehearsed with Mrs. Biggs, the soloist, on duet numbers they are to sing tomorrow evening, and she reports that the accomplished prima donna will leave Chicago soon after her Dixon engagement for a very flattering eastern engagement. Miss Mabel Woodworth, the talented young violinist, who is also to appear on the program, will arrive in Dixon tomorrow at noon, bringing her own accompanist.

Will Be Gala Day.

The day will be of wonderful interest for all who are interested in Sunday school work in Lee county. It will mark the beginning of the second half-century of the association's activities, and the officers look for it to instill new life and vigor into the organization.

TOURISTS WERE TULSA FRIENDS

His investigation brought him pleasure, for he was able to renew acquaintance with Mr. and Mrs. Art Kellen and Mr. and Mrs. Frank Killmer, who are en route to Chicago.

Ladies' Home Journal Pictures Shown Here Tomorrow.

The publishers of the Ladies' Home Journal have provided Manager Rorer of the Family theatre with a set of their vocational films, which are endorsed by leading educators. They will be shown at the theatre at 6:45 o'clock tomorrow evening so that all who desire to see them and attend the Musical Festival at Assembly park will be able to enjoy both treats. The films will be especially interesting to the teachers in attendance at the county institute.

The national directors have notified Secretary Hoover of the Dixon Moose lodge that they will be present tonight at the regular meeting to confer with the officers as to opening the charter September 1. The secretary has over four hundred applications for membership under the open charter on file which cannot be acted upon until after September 1. The dictator earnestly requests the officers and members to attend the lodge room early this evening.

INVOKE AID OF U. S. ANTI-INJUNCTION LAWS

Omaha, Neb., Aug. 30.—The Clayton Anti-Injunction Act, passed by congress at the behest of labor, was brought up for the first time here where a local court issued a temporary injunction restraining the conductors from calling or enforcing a strike on the Union Pacific. Brotherhood leaders started suit that the injunction is in contravention of the law, and their action may be the forerunner of similar suits in other parts of the country.

ROUMANIANS FORCE WAY INTO HUNGARY

SUCCEEDED YESTERDAY IN TAKING IMPORTANT CITIES IN TRANSYLVANIA.

HINDENBURG CHIEF OF STAFF

Supersedes Von Falken Hayn, Who Will Go To A New Position.

(Associated Press)

Paris, Aug. 30.—Petit-Parisian announces that the Roumanians have forced their way into Transylvania, and have occupied important cities. It is also reported Hungarian cavalry is approaching Hermannstadt, Hungary.

On the Macedonian front French have gained west of the Vardar river while the Serbs have repulsed the Bulgars east of Lake Ostrovo.

Seize Greek City.

The city of Drama, Greece, has been seized by the Bulgars after a battle with the Greek garrison.

New Chief of Staff.

Berlin, Aug. 30.—Gen. Von Falken Hayn, who has been succeeded by Gen. Von Hindenburg as Chief of Staff, will be employed in another position.

Berlin Statement.

Berlin, Aug. 30.—Zeppelins have bombarded Bucharest. On the Somme a number of British attacks have been repulsed.

Vienna, Aug. 30.—The war office statement at night admits the Austro-Hungarian troops have been forced to retreat before the Roumanians.

London, Aug. 30.—The Roumanian army is advancing into Hungary. The first important victory of the fifteenth power to enter the European war is admitted by Vienna in an official statement which says the Austro-Hungarian troops, which claimed the advantage in the initial clash with the new belligerent Monday, have been forced to retreat.

This announcement, coupled with a statement earlier in the day that the Bulgarians have blown up several bridges across the Danube, indicates that the rush of the Roumanians has put the Teutons on the defensive at all points. The blowing up of the Danube bridges is interpreted as meaning that the Teutons have given up all hope of an invasion of Roumania and an advance across the Danube against Bucharest, and re content to put what obstacles they may in the way of a Roumanian invasion of eastern Hungary, which is already menaced by the Russian drive through the Carpathians.

Russ Move on Bulgars.

The power of the new offensive against the central powers rapidly gained strength, the entry of Russian troops into Roumania with the purpose of moving against Bulgaria from this new direction, having further complicated the defensive task of the central power. These Russian forces are believed to be directed against the railroad communication between the central powers and Constantinople, the cutting of which would be a terrific blow to the Turks and would open the way for a land attack which is expected to be the opening wedge in the task of clearing the Dardanelles and opening direct water communication between Russia and the entente allies.

ITALIANS DRIVE FOE BACK

Austrians Forced to Fill Trenches on Mount Cimone.

Rome, Aug. 30.—Austro-Hungarian troops holding the northern slope of Monte Cimone have been driven from their trenches, says an official report issued by the war office.

At Monte Majo the Italians drove the Austro-Hungarians back, capturing twenty prisoners. The summit of Mount Cacioli, about which there has been severe fighting for upwards of a week, has been captured by the Italians. Thirty prisoners were taken.

FREIGHT INCREASE SUSPENDED

(Associated Press)

Suffrage Leader In Dixon Today Pleads For Wilson's Defeat

Non-Partisan League Against Democrats Because Of Evasions

Miss Frances Forthingham, of the Congressional Union for Women suffrage, arrived in Dixon today on her tour of the Thirteenth Congressional district, and spent the day with leading Dixon club women, agitating an organization of local women who are interested in the great problem. She also attended the teachers' institute, where she presented her arguments. She will go to Freeport tomorrow to attend a big meeting.

While the union is non-partisan its members are working for the defeat of the democratic party because of its evasive attitude on the suffrage question. Three other parties, Miss Forthingham said, have taken a definite attitude on the question, hence the union's campaign against the continuation of democratic administration.

LEADING PASTORS STRONG FOR LOWDEN

DR. F. O. SHEETS, FORMERLY OF DIXON, GIVES HIS ENDORSEMENT

SAY LOWDEN IS GREAT MAN

That the bulk of the ministerial support is going to Frank O. Lowden is evidenced by the number of letters that have come to the office of the Frank O. Lowden Business Men's association from clergymen, Sec. A. Ramsay announces. The following statement was received from Rev. Frank O. Sheets, district superintendent of the Aurora district of the M. E. church, former pastor of the Methodist church in Dixon:

"I am for Frank O. Lowden for governor because I know his attitude of heart and action of pocketbook toward every good cause."

"Because he is a gentleman at home, in public and in the conduct of the campaign in which he is now engaged."

"Because his neighbors in Ogle county, where he lives, who know him best, and in adjacent counties, are his enthusiastic supporters."

"Because he has the intellectual gifts, the financial standing and the independence to be the governor of this great commonwealth."

"Because he is a father and husband in a most attractive and influential home."

BREWER HERE TODAY.

Hon. F. A. Brewer, representative at Springfield from this district, living at Tampico, Whiteside county and a candidate for re-election on the republican ticket, visited Dixon today in the interests of his campaign.

Former Dixon Boy Given Farewell Token By Sunday School He Has Managed

The following from a Clinton, Ia., school, Dr. C. L. Nye, pastor of the church, spoke of the work of Mr. Anderson and what it means to the Sunday school. He expressed appreciation of the co-operation and service the superintendent had given, and presented him with a beautiful picture of Hoffman's Boy Christ set with a bronze frame, bearing the good wishes of the Sunday school of Clinton.

Mr. Anderson responded, thanking the board for the gift and telling of his appreciation of their co-operation and the harmony that has marked his administration, which he says made possible one of the most successful Sunday schools in the country.

The Methodist school has grown to nearly 600 members and the superintendent leaves Clinton with the best wishes for the continuation of its success. "My Sunday school work in Clinton has been the most pleasant I have ever had," Mr. Anderson said today. "I regret giving it up. The teachers have worked together, and we have had nothing but co-operation, board, the officers and the Sunday and harmony."

PRESIDENT TO ASK RAIL MEN TO CALL OFF STRIKE ORDER

OPTIMISM PREVAILS IN ADMINISTRATION CIRCLES TODAY.

EMPLOYEES REITERATE DEMAND

Say Nothing On Earth But Satisfaction Can Prevent Their Walkout.

(Associated Press)

Washington, Aug. 30.—President Wilson is today making efforts to have the Brotherhoods call off or postpone their strike order, effective Sept. 4. There are indications that unless action is taken by the Brotherhoods in the near future the president may publicly ask railway workers throughout the country that the strike order be rescinded.

Eight-Hour Law Hope.

Many leaders thought the Brotherhoods would rescind the strike order if congress would promptly enact an eight-hour day law.

Brotherhood leaders today conferred with Secretary of Labor Wilson, supposedly to consider proposed legislation affecting the situation.

To Hold Hearing.

The commerce committee of the senate has invited the Brotherhoods, railroad and shippers' representatives to be present Thursday for a hearing on the proposed legislation in the impending crisis, in the hope of preventing a strike and to provide for the operation of trains in the event of a strike. Each side will be given three hours.

Evidence is Abundant.

Despite the denials of Brotherhood leaders that Wilson, or anyone else, had asked them to postpone their strike, there is abundant evidence that such is the case and somehow there is a feeling 'n congress, administration circles and elsewhere that means may be found to avert a walk-out.

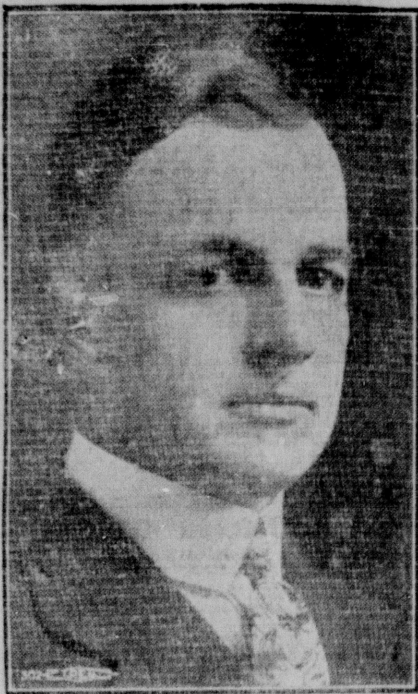

Reiterate Statement.

After their conference with Sec. Wilson the Brotherhood leaders reiterated their statement that no power on earth except a satisfactory settlement could avert a strike and that they were powerless to rescind the order. Nevertheless efforts are being continued to bring about a postponement.

INSTITUTE ENROLLMENT LARGER

Increased Interest Being Shown In Meetings.

Increase in the enrollment at the Lee County Teachers' Institute, which is in session at the Dixon high school building today, attested the interest being shown at the meetings, and all of the pedagogues are spontaneous in their assertions that the present convention is the best they have ever had. The program is being carried out as published and the instructors are all demonstrating exceptional ability.

HOW MRS. BEAN MET THE CRISIS

Carried Safely Through Change of Life by Lydia E. Pinkham's Vegetable Compound.

Nashville, Tenn.—"When I was going through the Change of Life I had a tumor as large as a child's head. The doctor said it was three years coming and gave me medicine for it until I was called away from the city for some time. Of course I could not go to him then, so my sister-in-law told me that she thought

Lydia E. Pinkham's Vegetable Compound would cure it. It helped both the Change of Life and the tumor and when I got home I did not need the doctor. I took the Pinkham remedies until the tumor was gone, the doctor said, and I have not felt it since. I tell every one how I was cured. If this letter will help others you are welcome to use it."
—Mrs. E. H. BEAN, 525 Joseph Avenue, Nashville, Tenn.
Lydia E. Pinkham's Vegetable Compound, a pure remedy containing the extractive properties of good old fashioned roots and herbs, meets the needs of woman's system at this critical period of her life. Try it.

Up to midnight August 15, a period of 7½ months, we sold and delivered more United States Automobile Tires than we sold during the entire twelve months of 1915—last year.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.
And day by day these phenomenal 1916 increases are heaping up.
Besides—there were still left of this year 115 selling days—4½ months.
This almost unbelievable feat of equalling, in 7½ months, the sales record of last year, proves the unequalled merit and actual economy of

Why Col. Smith's Latest Attempt To Secure a Public Job Will Fail

Col. Frank L. Smith—"The Great Runner"—is making another feverish effort against insurmountable obstacles. People are now recognizing the vainness and weakness of this attempt.

Ask the men you know about Smith and his activities. You will hear that for years he has been engaged in unsuccessful running for office—twice for Lieutenant Governor, for Chairman of the State Central Committee, for secretary of the State Central Committee, for State Treasurer and for National Committeeman. In all he was supported by the Lorimer-Lowden-Thompson faction.

The men who know will tell you that through all these years of job hunting he has captured but three honors. First, he was a "Colonel" on the staff of Governor Tanner, purely a civilian title. Second, he managed the campaign in Illinois against Roosevelt in behalf of Taft. Progressives can hardly forgive that. Neither can Taft. Third, he became Collector of Internal Revenue for the Peoria District—certainly not an executive position. (Privately, he helped to organize the Lorimer Bank, of which he was still a shareholder when it failed).

And now he offers this meager experience to the people of Illinois, asking them to elect him Governor. Does such experience equip a man for the governorship? Compare this record with Senator Hull's 20-year fight for social betterment and his 10-year official record—energetic, progressive, efficient. All know just what Hull has accomplished—it is a matter of public record and public pride.

Hull has the support of forward-looking Republicans. The Progressive Committee of Cook County has endorsed him. The rank and file of down-state Progressives prefer him to the two civilian "Colonels," the hazards and dangers of whose military duties related chiefly to the perils of the banquet board. The famous "Band of Hope," of which Hull was the courageous leader in their untiring efforts for new-day legislation, cast their support in each county to Hull. All over the state good government organizations are demanding Hull.

Hull will carry Cook County, for Smith has been out campaigning against Chicago. Because he opposes Chicago, Chicagoans won't support him, and so Smith's former backers—the Lorimer-Thompson-Lundin crowd—have swung to Lowden, who seems stronger than Smith. Smith's stronghold is Livingston County—his home—of which he has been the political boss for years. His sentiments are in harmony with those of the present Lorimer-Lowden-Lundin-Thompson faction. He opposed primary legislation, civil service legislation, the reorganization and rehabilitation of the state institutions, the taking of the employes in the state institutions out of the influence of politics and placing them upon a merit basis, and other matters

of forward-looking legislation and administration. In previous years Livingston County has lined up with the Lorimer-Lowden clique—but now it has endorsed Smith.

In the last two years Cook County Republican leaders have repudiated him, and down-state people are wondering what he represents.

Some people opposed to Lowden and his supporters may wish to vote for Smith to show their disapproval of Lorimerism and Thompsonitis. But a vote for Smith will be wasted.

Throughout the State the general favor runs strongly toward Hull. Talk to all you meet—you will find that those who fear the slush fund spoilsman—the Bathroom legislators and the Jack Pot crowd—see in Hull a fighter for the people's interests. They have his platform down in writing. He alone has committed himself to a definite, tangible program. Others evade, generalize, repeat old ballyhoos.

Illinois needs you in this crisis. All the reactionary forces are working tooth and nail against Hull. They want to continue the easy game of exploiting the public. Hull will put an end to it.

Every indication points toward Hull as the winner on September 13th. But your moral and your active support are needed at once to combat the evils of the old, ingrown system. Time is short. Do your duty before it is too late.

Please sign and mail the attached coupon today and help to win with Hull.

FRANK O. LOWDEN

A GOVERNOR, AND LEGISLATION.

In a recent speech Colonel Lowden made some remarks upon the subject of influencing legislation. He said, among other things:

"I am going to give you," said Col. Lowden, "some sort of an idea of my opinion as to the office of Governor. I recently said, among other things, that it was not the duty of a Governor to dictate the politics of the state. I said that I had no sympathy with the modern idea, which many people hold, that because a man is elected President, he becomes the head of his party nationally, or that, when a man becomes Governor, he becomes the head of his party within his state.

"Some people misapprehended, or pretended to misapprehend, what I meant by that. They inferred therefrom that I did not believe in the Governor being an active force for progressive legislation or taking the initiative in any matter concerning the state, but favored simply drifting on in the easiest way possible.

"Now I am going to amplify what I said on that subject so that none of you will be under any misapprehension as to what I mean and meant. Of course I believe that the Governor should take the initiative when his duty requires him. The Constitution of our state expressly provides that he may recommend legislation. No doubt it is his duty to recommend at least the legislation for which his party platform has pronounced.

"But while the Governor should go to the whole limit of his Constitutional powers in recommending legislation or in seeing that the promises of his party platform are carried out, he is never excusable if he resorts to unconstitutional means to secure the best legislation. If I am Governor of this state and a law as perfect as the Sermon on the Mount is involved, I would have no right as Governor to use the appointing power, what is commonly known as patronage, either to defeat or to secure the enactment of that law. It would be just as immoral for me to put my hand in the public treasury and take out money and give it to a legislator in return for a vote as it would be to secure that legislator's vote by offering to appoint some of his friends to office."

A DECENT CAMPAIGN.

Illinois State Journal—When Colonel Frank O. Lowden announced that he would be a candidate for the republican nomination for governor he stated frankly and emphatically that he would not be the candidate of any faction or group. His plan of campaign was outlined by his manager, former Attorney General W. H. Stead, whose integrity and steadfastness are so well known in Springfield and the state generally that they need no commendation from The State Journal. It was understood that a clean campaign would be waged by Colonel Lowden and his lieutenants so there would be no sore spots left after the primary that would prevent any republican from supporting Lowden or in the event of his defeat would cause any voter to withhold his support from the party's nominee.

That course has been pursued to the letter. In his speeches Colonel Lowden has discussed issues and refrained from mentioning his rivals. The Lowden campaign literature has sought to place his merits before the voters. The Lowden publicity bureau has not sent out press dispatches or interviews attacking the other candidates or referring to them by name. The whole campaign has been a campaign for Lowden—not against his opponents. Their repeated attacks upon him have not altered the policy of his campaign.

This course presented to the people of the state an opportunity to express their approval of cleanliness and their disapproval of mudslinging. If they vote overwhelmingly for Lowden, as The State Journal believes they will, it will be a victory for common decency in a political campaign. It will also tend to serve notice upon candidates that if they want the support of the voters they must be decent in their campaign methods.

A careless talking candidate is very apt to be a careless public official if he should be elected.

A LESSON FOR AMERICA.

After two years of fighting in the air, with flying machines steadily becoming more and more efficient, what is the lesson learned?

Here it is, as written for the Fortnightly Review by England's greatest aerial war authority, and a flying expert himself—Claude Grahame-White.

"Any nation which falls behind in the struggle for air power may, in years to come, be defeated in a campaign lasting not a year or a month or even a week, but as the result of a blow delivered and completed within a few hours.

"With aircraft flying, as they will, at speeds of 200 miles an hour and even more, it will be possible for an enemy, immediately on a declaration of war without waiting for one, to strike in the course of an hour or so and with precision—using fleets of thousands of machines—against the very nerve centers and vital arteries of any opponent who is ill prepared; destroying government buildings, arsenals, factories and railways, paralyzing all communications and plotting out whole cities.

"The power of a perfected aeroplane when in unscrupulous hands, may in the future become so fearful as to appear almost superhuman.

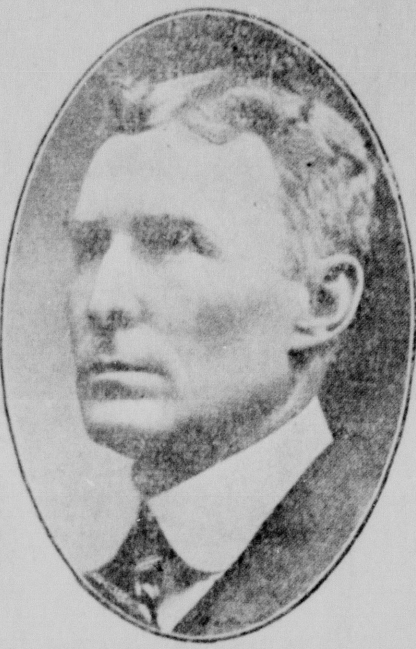

"Pestilence may be spread by aeroplane; the inhabitants of great cities may be slain in thousands by poisonous or suffocating gases.

"Swift and pitiless may be the action of sea power. Far more swift, far more pitiless will be the action, ultimately, of air power.

"Disaster awaits a nation which ignores these warnings—which refuses to read the writing that the war has written on the wall."

An automobile accident may happen to any driver at any time, but there are lots of men and women driving cars who are certain by all rules of

THE IDEA IS—PRACTICE REAL ECONOMY

I was in a hardware store a few days ago. A man walked up to the paint counter and said to the salesman:

"Show me the cheapest paint you have. I'm going to paint my barn."

"Here you are, Sir," said the salesman as he brought out a gallon can.

"This is the cheapest?" inquired the customer.

"By far," answered the salesman. "We've three other grades that sell for considerably less, but this is the cheapest—in the long run."

Now that set me thinking, because every day I meet folks who, when they want a new car, look for the "cheapest."

I regard this new 1917 Chalmers the cheapest. Cheapest, I mean, in the long run.

There are other cars costing \$300 or \$400 less, and they are probably mighty good cars for the money. But more costly than this 3400 r. p. m. Chalmers in the end.

I believe I can easily convince you in a few minutes that it pays to pay a little more.

I'm always ready and glad to show the new 3400 r. p. m. Chalmers—the car with the wonderful 99.21% perfect motor.

At Dixon Home

Mrs. David Murray and Mrs. H. C. Dixon went Saturday to the Ralph Dixon home on the Chicago road to spend the day. J. W. Thier and James Black were in town Friday.

Out of respect for the deceased of West Brooklyn the aged Mrs. Augusta Kolanczik, and Martin Gruss, who has seen West Brooklyn from a prairie grow into the present town as one of its business men and officials, the business men and band decided to dispense with the weekly concert on Thursday night. The regular concert will be given on the coming Thursday and it is believed that all those who were disappointed in not having music on last Thursday will agree with the local people in the fact that it was not only proper to dispense with the music in this case.

The Chicago road again is the center of attraction for this time it is a boy. If you came in contact with Alex Jeanblanc and saw the smile you would know in what home that boy has arrived without us telling you here. And everybody is doing fine too.

A tent show is holding forth this week in West Brooklyn.

Mrs. Augusta Kolanczik, Thursday morning at 2:30 o'clock occurred the death of Mrs. Augusta Kolanczik of West Brooklyn at the advanced age of 86 years. The deceased had been ill for some time and the extreme hot weather of the summer only served to make her sickness the more unbearable.

Grandma Kolanczik had been making her home with her daughter and family, Mr. and Mrs. Edward Henry, in our village and it was here that she passed this life Thursday morning. All that loving hands could do to relieve her suffering was done by a faithful family but the Maker of all called and from His summons there is no alternative.

The remains were taken to Mendota in the afternoon where the funeral services will be held Saturday at 9:30 a. m. at the Holy Cross church. Burial will be at the Catholic cemetery beside her husband. We extend to Mr. and Mrs. Henry and the other relatives our sincere sympathy in their bereavement.

Martin Gruss.

Martin Gruss was born in Dign, Bavaria, Germany Sept. 26, 1849. He died at West Brooklyn, Ill., Aug. 23, 1916, aged 66 years, 10 months and 27 days.

He enlisted in the army under King Ludwig and served in the Franco-Prussian war of 1870-71.

The deceased came to America in October, 1873 and settled in Illinois. He worked in Chicago for three years and then located in Brooklyn township, being here when the present site of West Brooklyn was still a prairie and farming land. In 1876 he located in the new village and in partnership with his brother John entered business as the successors of Theblay Brothers, the firm doing general blacksmithing and wagon building. They were successful from the outset and the present business remains as a monument to their foresight and energy during the days when history was in the making for all of us. John Gruss remained in West Brooklyn with his brother for 14 years and then removed to Chicago, leaving Martin the sole proprietor of the business. He continued in this capacity up to the time of his death and always surrounded himself with able assistants.

On Oct. 17, 1876, he was united in marriage to Miss Mary Halbmaier, daughter of Mr. and Mrs. Frank Halbmaier Sr. and to this union three children were born; Frank, who died at the age of two years; one who died in infancy, and Anna, wife of J. H. Dinges, who survives her father and who lives in the old home at West Brooklyn.

It was not only his privilege to see West Brooklyn grow from a prairie to the present town, but the deceased contributed in no small way to the enterprises and success of the place. He served as alderman many years and always cast his vote for the good of the people and the betterment of the community. When the village received its charter of incorporation Martin Gruss was elected one of its first aldermen, serving with such good men as D. O. Fairchild, Fred Erbes (deceased); Isaac Cook, George McCormick (deceased); and O. P. Johnson (deceased).

It was these trusty old veterans who started West Brooklyn on the right path and who faced the many trials and hardships which were so frequent in any new settlement. It is with regret that these venerable gentlemen are being taken away one by one but although their bodies lie buried in their last resting place their immortal souls still live and the memory of their good lives remains with us.

The funeral services were held from St. Mary's church at West Brooklyn Friday, Aug. 25, 1916. Rev.

M. B. Krug officiating. Burial was in the Catholic cemetery adjoining town.

In the family lot beside his wife who preceded him in death on April 16, 1901, and his two children.

The deceased had been a member of the Roman Catholic church all his life and as he lived so he died. Before the Catholic congregation had grown in West Brooklyn so as to support a parish house of their own Mr. Gruss and his family furnished a home for the pastor and looked after local affairs for the congregation. When the original church was erected the family were liberal supporters and assisted much in defraying the expenses in connection with the work.

Martin Gruss leaves to mourn his demise beside his daughter and her husband, a sister, Mrs. Caroline Burg of West Brooklyn; a brother, George M. Gruss, of Greenfield, Ia.; two grandchildren, Helen and Clement Dinges, and a number of nieces and nephews.

Relatives from a distance attending the funeral were Mr. and Mrs. Henry Burk of Oak Park, Mr. and Mrs. Martin Gruss of Chicago, Mr. and Mrs. Casper Gruss and George Gruss, also from Chicago, and Mesdames Peter and Joseph Beck of Joliet, Mr. and Mrs. Martin Hoerner of Peru.

The funeral was one of the largest ever held in West Brooklyn and St. Mary's church was taxed to capacity to accommodate the many people attending to pay their last respects to a life-long friend and associate. The writer extends his sympathy to the relatives and friends in their bereavement.

Forty Hours' Adoration

ST. MARY'S CHURCH

West Brooklyn, Ill.

The Rev. James J. Thet, C. S. S. I., of St. Michael's Church, of Chicago, will have charge of the services as he did last year. The services will be as follows:

Sunday, Sept. 10—

Services will open with High Mass, Sermon and Solemn Procession at 9 a. m., followed by Exposition of the Blessed Sacrament.

Evening Services on Sunday, Monday, Tuesday at 7:30 o'clock.

Monday and Tuesday—

High Mass at 9 a. m. followed by sermon.

Confessions heard after services and from 3 until 6 p. m.

A full attendance is expected.

Reflect.

That every member should visit the church during these days of grace, to testify his faith in the Real Presence, and to prove his love for Jesus Christ, who has given Himself to us "a Prisoner of Love." All the day and night and all the year around Jesus dwells in the Tabernacle, ready to listen to your prayers, but during these days He holds, as it were, a reception to His friends. Will you not be one of them? The nearest approach to a foretaste of Heaven is the time spent in silent adoration of Jesus in the Sacrament of the Altar.

O Sacrament most holy,

O Sacrament divine,

All praise and all glory,

Be every moment Thine!

ROADS PREPARE TO RUN TRAINS

(Continued from Page 1)

Stand by Arbitration Idea.

All of the railway chiefs, according to one of their spokesmen, have decided in determined fashion to stand by the principle of arbitration, and because they will not stand for the discarding of this principle they would rather see a strike than give it up.

Besides being willing to expend \$2,000,000, the roads, it was announced, are willing to lose an equal amount of business or more to break the strike in the time they say they can do it. The principal officials of the road, some of whom are now in Washington, are keeping the telegraph wires hot with messages of instruction as to how business shall be handled in case of a strike and they have declared that the union heads will flinch within ten days of the break in relations.
